

STUART RABNER  
ATTORNEY GENERAL OF NEW JERSEY  
Division of Law - 5<sup>TH</sup> Floor  
P.O. Box 45029  
124 Halsey Street  
Newark, New Jersey 07101

By: Alan R. Niedz  
Deputy Attorney General  
(973) 648-4742

**FILED**

MARCH 12, 2007

**NEW JERSEY STATE BOARD  
OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY  
DEPARTMENT OF LAW & PUBLIC SAFETY  
DIVISION OF CONSUMER AFFAIRS  
STATE BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE SUSPENSION  
OR REVOCATION OF THE LICENSE OF

AFTAB SIDDIQUI, M.D.  
License Number MA 25635

TO PRACTICE MEDICINE AND SURGERY  
IN THE STATE OF NEW JERSEY

ADMINISTRATIVE ACTION

ORDER OF SUSPENSION

This matter was initially opened to the New Jersey State Board of Medical Examiners (the "Board") by the filing of a Verified Complaint and an Order to Show Cause on March 27, 1998 on behalf of Petitioner, Attorney General of New Jersey, which Complaint was amended on two occasions, May 20, 2005 by the Board and April 13, 2006 by order of Administrative Law Judge Robert J. Giordano, upon motion of Petitioner, by Alan R. Niedz, Deputy Attorney General.

At a hearing held before the Board on April 8, 1998, the license of Aftab Siddiqui, M.D., Respondent, to practice medicine and surgery in the State of New Jersey was temporarily suspended, effective April 8, 1998.

**CERTIFIED TRUE COPY**

The Complaint, as amended, alleged at Count I that, on January 29, 1997, Respondent issued prescriptions to two undercover investigators, posing as patients. It was alleged that the prescriptions were written by Respondent, notwithstanding the fact that he failed to ascertain any medical cause or necessity that would warrant the issuance of those prescriptions ("indiscriminate prescribing").

In a Consent Order, filed with the Board on May 11, 2006 (the "Consent Order"), Respondent acknowledged that he did, in fact, engage in indiscriminate prescribing and that such activity constituted multiple violations of N.J.S.A. 45:1-21(e), i.e., professional misconduct, thereby demonstrating his lack of good moral character, a requirement for licensure under N.J.S.A. 45:9-6.

The Complaint, as amended, also alleged at Count III that, during the effective period of Respondent's temporary suspension by the Board, on various dates between April 8, 1998 and October 4, 1999, Respondent issued eight (8) prescriptions to various patients ("practicing medicine while suspended").

In the Consent Order, Respondent also acknowledged that he had been practicing medicine while suspended and that such activity constituted multiple violations of N.J.A.C. 13:45C-1.4, which regulatory violation constitutes professional misconduct under N.J.S.A. 45:1-21(e), thereby further demonstrating a lack of good moral character, a requirement for licensure under N.J.S.A. 45:9-6.

While the Consent Order mandated an eight (8) year period of suspension for Respondent's admitted illegal activities, it also

credited that portion of time he had not practiced medicine within the State of New Jersey toward that period of suspension, effectively making him eligible for reinstatement by the Board upon execution of the Consent Order. However, Respondent's reinstatement was made subject to several conditions, including his successful completion of two courses, one in ethics and one in controlled substance prescribing, within six (6) months of the Consent Order.

Although Respondent received approval by the Board to enroll in the ProBE ethics course (the "ethics course") and the University of South Florida's Prescribing Controlled Drugs: Critical Issues and Common Pitfalls of Misprescribing" course (the "prescribing course"), Respondent has failed the ethics course and, although requested to do so by the Board, has not provided a certificate of completion of the prescribing course.

Notwithstanding Respondent's failure to comply with the Consent Order, Board staff erroneously reinstated Respondent's license to active status on or about August 1, 2006. On or about March 1, 2007, an administrative employee of the Board advised Respondent by telephone that the license had been issued in error.

IT IS, THEREFORE, ON THIS 5<sup>th</sup> DAY OF MARCH, 2007, HEREBY ORDERED THAT:

1. Effective immediately, Respondent's license to practice medicine and surgery in New Jersey be, and it hereby is, suspended pending his full compliance with the Consent Order.

2. The Consent Order is, and shall remain, in full force and effect until further order of the Board.

3. A copy of this Order shall be served upon Respondent, by delivery of this Order to the address of record currently on file with the Board, within 2 (two) days of the date of this Order.

NEW JERSEY STATE BOARD OF  
MEDICAL EXAMINERS

By: Sindy Paul, MD  
Sindy Paul, M.D.  
President

Date: March 5, 2007

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE  
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE  
HAS BEEN ACCEPTED**

**APPROVED BY THE BOARD ON MAY 10, 2000**

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the addendum to these directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

**1. Document Return and Agency Notification**

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

**2. Practice Cessation**

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

### **3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies**

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

### **4. Medical Records**

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

#### **5. Probation/Monitoring Conditions**

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

**NOTICE OF REPORTING PRACTICES OF BOARD  
REGARDING DISCIPLINARY ACTIONS**

Pursuant to N.J.S.A. 52:14B-3(3), all orders of the New Jersey State Board of Medical Examiners are available for public inspection. Should any inquiry be made concerning the status of a licensee, the inquirer will be informed of the existence of the order and a copy will be provided if requested. All evidentiary hearings, proceedings on motions or other applications which are conducted as public hearings and the record, including the transcript and documents marked in evidence, are available for public inspection, upon request.

Pursuant to 45 CFR Subtitle A 60.8, the Board is obligated to report to the National Practitioners Data Bank any action relating to a physician which is based on reasons relating to professional competence or professional conduct:

- (1) Which revokes or suspends (or otherwise restricts) a license,
- (2) Which censures, reprimands or places on probation,
- (3) Under which a license is surrendered.

Pursuant to 45 CFR Section 61.7, the Board is obligated to report to the Healthcare Integrity and Protection (HIP) Data Bank, any formal or official actions, such as revocation or suspension of a license (and the length of any such suspension), reprimand, censure or probation or any other loss of license or the right to apply for, or renew, a license of the provider, supplier, or practitioner, whether by operation of law, voluntary surrender, non-renewability, or otherwise, or any other negative action or finding by such Federal or State agency that is publicly available information.

Pursuant to N.J.S.A. 45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.

Within the month following entry of an order, a summary of the order will appear on the public agenda for the next monthly Board meeting and is forwarded to those members of the public requesting a copy. In addition, the same summary will appear in the minutes of that Board meeting, which are also made available to those requesting a copy.

Within the month following entry of an order, a summary of the order will appear in a Monthly Disciplinary Action Listing which is made available to those members of the public requesting a copy.

On a periodic basis the Board disseminates to its licensees a newsletter which includes a brief description of all of the orders entered by the Board.

From time to time, the Press Office of the Division of Consumer Affairs may issue releases including the summaries of the content of public orders.

Nothing herein is intended in any way to limit the Board, the Division or the Attorney General from disclosing any public document.
